

THE FOREST REPUBLICAN.

J. E. WENK, Editor & Proprietor.

WEDNESDAY, SEPTEMBER 6, 1905.

1905 SEPTEMBER 1905

Calendar for September 1905 showing days of the week and dates.

MOON'S PHASES table showing dates and times for First Quarter, Full Moon, and Third Quarter.

Republican Ticket.

STATE. State Treasurer, J. LEE PLUMMER. Supreme Court Justice, JOHN STEWART. Superior Court Judges, CHARLES E. RICE, JAMES A. BEAVER, GEORGE H. ORLADY.

Mr. Carson Withdraws.

To the Voters of Forest County: Finding it will be impossible for me to give proper attention to a canvass of the county at this time, I desire to state that I have filed with the proper officials a certificate withdrawing my name as a candidate for Sheriff on the Prohibition ticket.

THE DAILY AUTO MISTAKE.

The daily auto mistake is running a close second now to the daily train wreck.

CONGRATULATIONS, Mr. President, on your splendid "warfare" in the cause of peace.

No REPUBLICAN should neglect to be registered. See that your name is on the list before Sept. 7th.

Now if Teddy will tackle the yellow fever epidemic in Louisiana we think he can bring it to a "successful termination."

NATIONS which consult Dr. Roosevelt for their diplomatic troubles, should learn that he requires implicit observance of his prescriptions.

THE President must beware of the fate of Buck Fanshaw, who, according to Mark Twain, was eulogized in his funeral sermon as "a man who would have peace if he had to fight for it."

A few years ago everybody stood in awe of the word diplomacy. In these enlightened days the fact is generally realized that a skillful diplomat is only a horse-trader in disguise.

THE Canadians, after inviting American immigration, are now beginning to be afraid of it. The Canadians will never find rest until they lean their weary heads on the broad and palpitating bosom of Uncle Sam.

THE state dairy and food bureau recently issued a bulletin showing that the sum of \$13,527.14 has been collected in fines from prosecutions against violators of the pure food laws during the summer months. As an indication of the improvement in one branch of the pure food supply it is stated that of the last four hundred and sixty samples of milk and cream collected by agents of the department only five suits were recommended.

THE success which has followed the peace conference, brought about by America's chief executive, has prompted discussion on the mission of this country in the turmoil of the world, relative to which the New York Evening Post says: The great triumph has come precisely because of our historic position, which has now been wonderfully vindicated.

"I had been troubled with lame back for fifteen years and I found a complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gilman, Ind. "This liniment is also without an equal for sprains and bruises. It is for sale by Dunn & Fulton."

"San-Cura Ointment is perfectly harmless and is a great aid in preventing wars. San-Cura Ointment cures Cuts, Burns, Bruises, Bolls, Carbuncles, Piles, Old Sores, Pimples and Eczema. Druggists, 25c and 50c."

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klotz, of Edina, Mo. For any disorder of the stomach, biliousness or constipation, these Tablets are without a peer. For sale by Dunn & Fulton.

ATTEND TO THE MATTER OF YOUR REGISTRATION.

If you want to vote this fall, Sept. 7th is the last day.

In describing the course of the young man and his cigarette, Elbert Hubbard says: "Cigarette smoking is not periodic—it is continuous—a slow, insidious, sure poison. Its results can be foretold as accurately as the expert alienist can foresee the end of incipient locomotor ataxia. Fortunately most young men who begin the habit quit it before it gets a vital hold upon them. Were this not so how could the student body at Harvard, Yale and Dartmouth ever outstrip their professors? These young men smoke cigarettes just as they dabble in strange vice when away from the immediate restraint of family and home. Later, most of them square away and become pillars of society. But for the young man who has grown so calloused that he smokes cigarettes in the presence of his mother, sister or sweetheart there is little hope. Hope is only for the youth who is ashamed of his vice. The poison has already tainted his moral nature, and for him the work of dissolution, disintegration, degeneration has begun. He is a defective—a physical, mental and moral defective."

Cream of the News.

-Gossip gains currency, but no coin. -Even the toper has his cardinal features. -All summer goods are going for "just what they'll bring" at Hopkins' store these days. Some rare bargains for the economical buyer. -Beware of the red flag. It's anarchy or an auction. -Every variety of fruit and vegetable at the White Star Grocery. -Talk is cheap. A man can get a shave for five cents. -A Wooltex garment means the best always. Hopkins is sole dealer here and keeps well stocked-up in these famous goods. -If a man runs into debt he must either crawl out or stay in. -School shoes at Hopkins', the kind that wear. Get the best. -A man's ideal woman is always married to the other fellow. -Greatest slaughter in prices ever heard in all summer goods at the Hopkins store. Don't miss the opportunity of your life. -There is no race so easy for the book-maker as the human race. -Try the "Table Queen" bread, cakes etc., at the White Star Grocery. -When a fish takes in the early worm it is liable to get in a mess. -For all blemishes of the face and skin use San-Cura Ointment and San-Cura Soap. 25c. All druggists. -In an Ohio town the women have organized a secret society for the swapping of secrets.

LETTER TO JUDGE F. X. KREITLER.

DEAR SIR:—You are so well known that the people have put you in office. They knew what they were about: They didn't do it by accident.

Wouldn't it be a handsome thing to do to paint your house? It is a nice house, has a good substantial commodious look, and isn't rusty at all, you know; but a fresh coat of paint would make it so bright! It's a pity not to.

Devoe is beautiful paint, but the beauty of it is: it lasts so long, and does so much more than adorn an already interesting and attractive edifice. There isn't a man or a woman in town, who wouldn't see them and make some pleasant remark.

Of course, you will paint the town property; nothing would mark your administration more, in the eyes of the people; and, having done the same thing at home, it is the most natural thing in the world to do it for them.

Yours truly, F. W. DEVOE & CO., P. S.—Dunn & Fulton sell our paint.

Epworth League at Kelletrville.

The banquet given, on Wednesday evening, Aug. 30th, by the Kelletrville League, in honor of the Tionesta League, was one of the pleasant social events of the season. They met at the church, at eight o'clock, and the following programme was presented: Devotional exercises were led by the President; two of our League songs were sung; Mrs. Pope read the scripture lesson and Rev. Calhoun offered the prayer. The meeting then passed into the hands of the Literary President and Mrs. Wilson in a few well chosen words extended a cordial welcome to all and gave a little history of the League. W. A. Sherman, read a paper entitled "Before Christ," in which he gave a history of some of the events of early times, closing with the query, "Are we like Solomon building a temple for the living God?" Mrs. A. Carson then read an essay on "The true purpose of the Epworth League," describing in a delightful way the many ways the young people may be benefited by the League.

The solo song by Miss Fannie Small expressed the same idea in the words of our motto, "Look up, lift up." An essay on Christian fellowship, read by Mr. Sizlie, gave advice to all to accept the fellowship of Christ. Mrs. Henderson's original poem, "The Wesleyan Influence on the Modern League," was appreciated by all. The choir sang an anthem, "Rock of Ages." Rev. W. O. Calhoun gave an excellent talk on "How to Succeed." The following points were brought out: If we succeed we must stick to it; we must have confidence in our work; must have confidence in our ability to do the work; we must exercise self control. The first point was illustrated by telling of the boy who tried to carve the statue of the Apostles Paul and Peter out of a pine stick and succeeded in making a pin for the barn door. Rev. F. M. Small then spoke of how the League should help the pastor, also how they can be represented in the missionary work. An anthem by the choir was followed by the League benediction. The crowd then went to the hall where refreshments were to be served. After a little social chat, Miss Larson favored us with several piano solos, accompanied by one of the young men in imitation of the little warblers. Miss Perry gave us several selections during the evening. Refreshments were served to about seventy-five persons. The merry shouts of laughter heard from time to time was assurance that the young people were enjoying themselves. Good byes were then said and the Tionesta people started for home, their good nature overflowing in joyful song. Come again, Tionesta, your visit did us good. At the business meeting Friday evening a rising vote of thanks was tendered Mrs. M. Andrews for favors given.

[In connection with this pleasant affair we publish on our fourth page an original poem by Mrs. Mabel Henderson, entitled "The Wesleyan Influence on the Modern League," which will be read with interest.—Ed.]

THREE JURORS CURED.

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. G. W. Fowler, of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some sauce and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by Dunn & Fulton.

To the Good Dressers of Tionesta and Vicinity:--

I wish to announce that the new fall and winter line of samples for Men's and Boys' Made-to-Measure Clothing, from the Glasgow Woolen Mills Co., of Oil City, has been received by me and can be seen and inspected by calling at the Lanson building, next door to White Star Grocery. To say that the line is a complete one is putting it very mild, as it without doubt contains more selections and better values than any line ever shown here. In this elaborate display you will find all the popular weaves known in men's goods from which you may select a Suit, Overcoat, Top Coat or Rain Coat and have it Made to Your Measure at a very nominal cost.

Suits, Top Coats, Rain Coats, \$15 Made to Measure Satisfactorily

And this backed by Glasgow's world famous guarantee, "No Fit, No Pay, is the Glasgow Way." And of course, we have them at higher prices, ranging from \$18 to \$35.

As to styles, both Single and Double Breasted Sack Coats will be "in it" this fall, made in either three or four button styles, with vent at either center or side seams and with corners only slightly rounded on the single breasted style. The most radical change is in the length. All coats will be longer.

In Trousers either full or one-half peg top are right. However, by coming here for your clothes you may have them made in any style to suit your own little whims. I will indeed appreciate your order for a Suit, Overcoat, Rain Coat, Top Coat, or pair of Trousers.

Respectfully, H. B. FEIT, Manager Tionesta Branch.
